- 5 pts Yes/No Applicant has 2 qualified bids?
- 5 pts Is there collaboration with other entities/communities?
- 2 or more letters of support from partnering entities/communities?
- 5 pts Project is from a first-time recipient?
- 5 pts Is the equipment being used on a point of emphasis from NRC: Agriculture plastics, glass recycling, electronics recycling, composting, and hard to recycle materials?
- 5 pts Does the business plan/narrative outline the environmental/social impacts?
- 5 pts Does the business plan/narrative outline the economic/financial impacts? (such as jobs created/revenue generated/landfill costs avoided)
- 5 pts Does the grant applicant demonstrate additional investments in their organization to improve or increase recycling/sustainability efforts?
- 5 pts Is grant being used in an underserved region? (underserved = low to no access within 30 miles of service area to the type of recycling or waste reduction applied for)
- 5 pts Are they providing recycling education? Is it sustainable and realistic?(Newsletters, websites, flyers, demonstrations)
- 5 pts Bonus Points: Reviewers Discretion (unique creative solutions/truly making a difference/researched and substantiated - e.g. tons generated based on population/environmental difference/impact on community/well documented business plan/completed application)

#DIV/0! Total Points out of 50 per reviewer

Less than 20 points average = NO
 20-35 points average = Maybe (staff discretion based on comments)
 35-50 points average = YES

Cash Match Requirement

A cash match is required from all grantees. In general, these minimum match amounts are required:

- 20% Nonprofit organizations
- 20% Communities with populations of 5,000 or under
- 25% Communities with populations of 5,000 to 10,000
- 30% Communities with populations of 10,000 and above
- 50% For-profit businesses
